

Both East Coast and West Coast international service is available at the Port of Huntsville. East Coast Service is direct via Norfolk Southern. West Coast service connects in Memphis, where Norfolk Southern interchanges with Union Pacific (UP) and with Burlington Northern Santa Fe (BNSF). BNSF provides inbound service only from the West Coast to Huntsville via NS Memphis, while UP connects with NS for both inbound and outbound service. Typical rail transit time for inbound freight from the West Coast is 5-7 days.
